2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

In 1999, Downtown College Prep (DCP) opened its first charter high school in Silicon Valley. Today, DCP operates four charter schools serving students in 5th grade through 12th grade. Driving this expansion is a deep commitment to the school mission and to the traditionally underserved students and families of San Jose.

The mission of DCP is to prepare first-generation college-bound students to be leaders for tomorrow through secondary school success and college completion. DCP believes that all students, regardless of prior academic achievement, can and should be prepared for college success. Today, 96% of DCP students matriculate to college directly after high school, the majority of them to a four-year university. 60% of DCP graduates complete college compared with 9% of similar students nationwide. After 18 years, DCP continues to build a transformational learning community where students are pioneers in their family, neighborhood, and city.

College success for low-income communities of color is critically urgent. DCP's "To and Through" college completion model ensures graduates and their families are supported in their pursuit of a college degree. With a focus on students who are historically underserved by traditional public schools, DCP families are largely low-income Latino families with limited educational attainment.

The first component of DCP's model is getting students "to" college, by ensuring that they possess a personal commitment to college; the knowledge, skills, and study habits to excel with the A-G requirements of California's university systems; leadership and learning experiences that give them a competitive advantage; and the mindset and college know-how to navigate the admissions process.

The second component of the model is getting students "through" college, which involves a family-level commitment and financial plan; an accessible support system of advisors, peers, and alumni; and the personal qualities of confidence, grit, tenacity, and perseverance to see their college dreams through to fruition.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The DCP LCAP focuses on four core areas of work, in alignment with its strategic plan and the eight state priorities. These are:

Goal 1: Students will have access to state-adopted standards aligned curriculum, materials, and technology, and will be enrolled in courses taught by appropriately credentialed teachers.

Goal 2: Students will be on track to being academically prepared for college success.

Goal 3: School environment will be safe and welcoming for all students.

Goal 4: Parents and students will be engaged in a culture of college success.

In addition, it holds a fifth foundational goal as follows:

Goal 5: DCP is an operationally sound organization with the capacity to carry out Goals 1 - 4

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

DCP Alum Rock made significant progress toward its Goals, as follows.

Goal 1: Students will have access to state-adopted standards aligned curriculum, materials, and technology, and will be enrolled in courses taught by appropriately credentialed teachers.

At the Middle School:

- **Curriculum** - Adopted Illustrative Math, with PD provided during Thursday PDs and release days to support learning of curriculum and implementation. In the process of evaluating and adopting a NGSS aligned, integrated science program. Teachers are team-teaching enrichment classes in STEM and PE. Writing is being held as a schoolwide focus, with teachers scoring writing together across grades and content.
- **Project-based Learning** - Cross curricular PBL units are being developed and taught. 50% of teachers are fully trained by PBL World, with a new cohort being trained this summer bringing the school close to fully trained as a site.
- **Professional Development** - All teachers have an Instructional Coach who, with 1.5 FTEs on staff. Coaches work with teachers in coaching cycles, to both support instruction as well as planning. Teachers have common preps as grade levels, to plan PBL units across content with coach support.
- **ELD** - Integrated and Designated ELD are being implemented through the workshop model. The Director of Humanities holds expertise in ELD and supports Level 1 and 2 ELs.

At the High School:

- **Curriculum** - Adopted and fully implemented CCSS aligned integrated math for the first three years, with the inclusion of harder, real world problems. A new scope and sequence for ELA supported vertical alignment 5 - 12.
- **Professional Development** - All teachers have an Instructional Coach, who works to support practice in coaching cycles that include observation and analysis of student work. Half day trainings were held in August and January to support curriculum adoptions.
- **Assessment** - Teachers are working together to score assessments and conduct data analysis in ELA, Math, and Writing. The SBAC IAB was piloted in English 2 and 3, to evaluate if students are meeting the standards. The school received Bronze level recognition by US News & World Report.

Goal 2: Students will be on track to being academically prepared for college success.

At the Middle School:

- **Differentiation** - The Workshop Model was fully implemented across content and grades, providing students with exposure to grade level standards as well as differentiated supports geared to their levels. Neurodiverse learners and ELs receive push-in supports in this model. Teachers analyzed data to inform differentiated instruction, conferencing and providing individualized feedback to students. This has resulted in demonstrated growth for students.
- **College and Career Readiness** - Partnerships with San Jose State and Stanford supported this work, with college students and professors coming on campus to develop stronger relationships. College and Career Readiness has been woven into the fabric of core classes and enrichment. Enrichment course offerings include Restorative Leadership, Latinx Culture, Art and Film, and Health and Wellness.

At the High School:

- **Advisory** - The College and Career Readiness (CCR) courses were approved as UC/CSU "G" electives. This shift has resulted in growth for students and more students accepted to UCs earlier, as they have had more time available to work on the college application process with the support of counselors, which has resulted in more applications, acceptances, and scholarships. CCR has also focused on preparing Seniors for life in college and beyond, building their finances and life skills for being an independent adult. This has trickled down to other grade levels, with Juniors focused on thoughtful research of colleges and majors and Freshmen and Sophomore building out four-year plans based on their Ikegai (Identifying what they love, and careers in which they can be paid to do that).
- **Differentiation** - Students are able to complete credit recovery focused on the content they have yet to master, without having to repeat the full class or grade. A free period enables neurodiverse students to work with a case manager to support their work. Concurrent College enrollment courses took place in the afternoon through independent study, with the class moving on campus next year. There has been an increase in students who are interested, as a result of work in CCR classes.
- **Summer Enrichment** - The College and Career Readiness Program supported students in learning about and applying to summer enrichment programs, resulting in students enrolled at UC Santa Cruz and University of Santa Clara and studying abroad.
- **AP classes** - Continued offerings of AP courses, maintaining balance of offering enough to meet demand but not so many as to dilute program.

Goal 3: School environment will be safe and welcoming for all students.

At the Middle School:

- **Restorative Practices** - In Year Two of training and retraining by the SEEDS Community Resolution Center. A Liaison has been established with the police department, with a community leader supporting students with more challenging behaviors.

- **Socio-emotional Learning (SEL)** - A new Director of Student Services is overseeing SEL, working with the Assistant Principals to strengthen both SEL and Restorative Practices.
- **Summerbridge** - New 6th Graders will take part in college camp at Santa Clara University.
- **Celebrations** - An assembly is held every Thursday to celebrate students of the week, provide shout outs and recognitions, and engage in friendly advisory challenges (“minute to win it”). Grade levels hold family meetings once a month. All school events include a talent show, dance day celebrations, spirit week, and schoolwide dances.

At the High School:

- **Safety** - The school campus is shared by five schools. As a result, protocols and procedures needed to be strengthened and made consistent to ensure student safety. This has included shared protocols and smooth procedures, from sign in and out procedures for bathroom use to the school safety plan.
- **Mental Health** - Four intervention groups are run on campus by the city gang prevention, with two girl groups and two guy groups meeting during advisory once a week. Two part-time Counselors provide individual and small group therapy.
- **Enrichment** - The Leadership Class facilitates weekly assemblies. A Gay Straight Alliance was formed. Incoming students participate in Summerbridge, a camp for one month before starting school that supports community building and understanding of what it is like to be in HS.
- **Restorative Practices** - These practices continue to be in place, resulting in a low suspension rate

Goal 4: Parents and students will be engaged in a culture of college success.

At the Middle School:

- **Family Engagement** - Family Engagement Coordinator at central office level worked with Parent Leadership Group now on campus to organize and facilitate bimonthly meetings, host two schoolwide after school potlucks with 600 people in attendance, and engage in staff interviews for hiring. The Family Youth Truth survey was administered to gather data on family satisfaction.
- **Family Communication** - Powerschool allows family access to information on their students. The DCP website contains links by school to the Homework pages for families. A weekly newsletter is sent via text and phone message and posted on social media as well. Social media pages for the athletic programs have been added this year as well.
- **Student Engagement** - Every grade level completed at least one college field trip. Honors students visit five universities in southern California over the summer.

At the High School:

- **Family Engagement** - The Parent Liaison worked with families to help them navigate and understand data about their children and the school. A College Success night was held for all grade levels, to begin developing college readiness within families early. Engineering and Humanities Showcases were held, with students presenting their work to their families and community. Parent Academy was launched, a multi-week family learning initiative. The SSC thoroughly reviewed the CA School Dashboard and LCAP, identifying areas of focus (chronic absenteeism, integrated math).
- **College and Career** - College Seminar (Advisory) supported students in college readiness, including SAT prep and completion of FAFSA. College field trips continued.
- **Transportation** - Financial resources were allocated to provide bus passes for students, as well as a shuttle bus to take students between the middle school and high school campus.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not

Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

DCP Alum Rock made significant progress toward its Goals, with next steps to address areas identified as “Red” or “Orange” as well as additional needs as follows.

Goal 1: Students will have access to state-adopted standards aligned curriculum, materials, and technology, and will be enrolled in courses taught by appropriately credentialed teachers. DCP Alum Rock has realized considerable success in this goal area, with all three measures in the goal area met.

To maintain and continue to accelerate this growth, next steps for 2019-20 for the Middle School are as follows:

- **Curriculum** - Adopt and support implementation of a new NGSS aligned integrated science program
- **Assessment** - Benchmarks over summer, common assessments across EC and AR, help to analyze student work, identify trends.
- **ELD** - Continue to refine implementation of Integrated and Designated ELD.

To maintain and continue to accelerate this growth, next steps for 2019-20 for the High School are as follows:

- **Curriculum** - Build out understanding and implementation of cooperative learning structures.
- **Assessment** - Implement mastery-based grading.
- **ELD** - Piloting ELD3 for next year, using a full inclusion model similar to SPED with a teacher pushing into classrooms to provide supports as needed individually and in small groups.

Goal 2: Students will be on track to being academically prepared for college success.

DCP Alum Rock has realized success in elements of this goal area, including significant increases in ELA proficiency, A-G completion, and cohort graduation rates.

To maintain and continue to accelerate this growth, next steps for 2019-20 for the Middle School are as follows:

- **Family Engagement** - Increase family input into the scope and sequence of sessions, to ensure programming is meeting family needs.
- **Advisory** - Reinstate Career and College Readiness starting in 5th grade with all teachers having an Advisory. Develop curriculum scope and sequence that aligns to the UC/CSU A-G approved Advisory at the HS.
- **Assessment** - Align assessment calendar to PD, with new common assessments and benchmarks being developed over the summer.

To maintain and continue to accelerate this growth, next steps for 2019-20 for the High School are as follows:

- **College Success** - Developing toolkit of strategies to support students and families.
- **Differentiation** - Developing tiered summer school and credit recovery based on reassessment and rubrics, with the goal of setting a plan for getting students to a 3, then allowing for practice and reassessment that allows for a grade change within 180 days. The goal is that all students have at least a 3.0 GPA for college acceptance and acquiring scholarships. Moving away from completing online as full course make ups.

Goal 3: School environment will be safe and welcoming for all students.

DCP Alum Rock has realized success in this goal area, with a low suspension rate (though it did increase in 2018-19) and no expulsions.

To maintain and continue to accelerate this growth, next steps for 2018-19 for the Middle School are as follows:

- **Restorative Practices** - Continue to build consistency, with a focus on pre-suspension actions that address behaviors and repair relationships. Additional staffing is needed to support this work.
- **Socio-emotional Learning (SEL)** - The Director of Student Services will work closer with the curricular team to bring SEL practices into curriculum.
- **Facilities** - Construction is almost done, with a full gym, cafeteria, and two state of the art STEM labs. This allows for full PE programming that supports health and wellness, as well as space for assemblies and bigger celebrations.

To maintain and continue to accelerate this growth, next steps for 2018-19 for the High School are as follows:

- **School Culture** - Continuation of initiatives (30 currently), to strengthen rather than add new.

Goal 4: Parents and students will be engaged in a culture of college success.

DCP Alum Rock has realized considerable success in this goal area, as reflected in relatively high attendance rates.

To maintain and continue to accelerate this growth, next steps for 2018-19 for the Middle School are as follows:

- **Family Engagement** - Launch Parent Academies, to provide families with multi-week learning opportunities.
- **Student Engagement** - Implement shadow days with HS students to develop HS readiness. Move toward a schoolwide career day, with rotations that allow students to explore careers.

To maintain and continue to accelerate this growth, next steps for 2018-19 for the High School are as follows:

- **Family Engagement** - Hold Parent-Teacher conferences in the fall and spring. Continue with Showcases and other events, bringing them together when possible to increase attendance.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

There are no state indicators for which performance for any subgroup was two or more performance levels below “all student” performance.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Describe the overall implementation of the actions/services to achieve the articulated goal.

DCP Alum Rock has implemented the actions set forth for **Goal 1** in the 2018-19 school year, with highlights as follows:

At the Middle School:

- **Curriculum** - Adopted Illustrative Math, with PD provided during Thursday PDs and release days to support learning of curriculum and implementation. In the process of evaluating and adopting a NGSS aligned, integrated science program. Teachers are team-teaching enrichment classes in STEM and PE. Writing is being held as a schoolwide focus, with teachers scoring writing together across grades and content.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

DCP Alum Rock has realized considerable success in **Goal 1**.

To maintain and continue to accelerate this growth, next steps for 2019-20 for the Middle School are as follows:

- **Curriculum** - Adopt and support implementation of a new NGSS aligned integrated science program
- **Assessment** - Benchmarks over summer, common assessments across EC and AR, help to analyze student work, identify trends.
- **ELD** - Continue to refine implementation of Integrated and Designated ELD.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

DCP Alum Rock has implemented the actions set forth for **Goal 2** in the 2018-19 school year, with highlights as follows:

At the Middle School:

- **Pipeline** - Increased connection with the HS to support a 5-12 pipeline, with MS students collaborating with HS peers, HS staff presenting to MS students, and MS students conducting shadow days.
- **Interventions** - Teachers conducted ongoing analysis of formative assessment data to determine student needs, then regrouped students in a station rotation format to target those needs. Office hours were provided after school where students can go into classrooms for additional support. A new study skills class was offered for students with special needs.
- **Data** - Leveraged Illuminate as a new platform, for assessments and student analysis of work. Implemented NWEA three times a year, WPA twice, and additional optional formative assessments. At least every six weeks, teachers worked with coaches to analyze data in either Thursday PD or Data Days. Schoolwide scoring of data built an ethos that student success is shared across the community.
- **Celebrations** - Held a formal dinner to celebrate student growth on the SBAC, NWEA, and in EL Proficiency, with students and families dressing up and being acknowledged for their work.
- **Family Engagement** - Multi-week Parent Academies supported families in a series of coursework that develops College and Career Readiness, including understanding a GPA and how to get financial assistance. Five cohorts completed the Parent Academy.
- **College Readiness** - New 6th Graders will take part in college camp at Santa Clara University. 8th Grade students engaged in career exploration, developing a resume and exploring secondary school requirements for their field of interest.

At the High School:

- **Advisory** - all 9th grade advisors returned as 9th grade advisors, rather than moving up with their students, to better support student onboarding
- **College Success** - Educating students and families on what it means to be ready, including deepening understanding of how AP and Concurrent Enrollment support college readiness and success. The bell schedule was modified to allow students time to engage in concurrent enrollment offerings.
- **Differentiation** - All classes read for 30 minutes every Thursday, with 50 minutes of work stations for acceleration, remediation, and retakes. This has developed a culture across campus focused on growth and mastery.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

DCP Alum Rock has realized considerable success in elements of this goal area such as teacher professional development, student mastery as reflected in grade point average (middle school), and college readiness as reflected in A-G and AP completion (high school). SBAC results were not available at the time of submission, so have not been reviewed.

To maintain and continue to accelerate growth, next steps for 2019-20 are as follows:

At the Middle School:

- **Family Engagement** - Increase family input into the scope and sequence of sessions, to ensure programming is meeting family needs.
- **Advisory** - Reinstate Career and College Readiness starting in 5th grade with all teachers having an Advisory. Develop curriculum scope and sequence that aligns to the UC/CSU A-G approved Advisory at the HS.
- **Assessment** - Align assessment calendar to PD, with new common assessments and benchmarks being developed over the summer.

At the High School:

- **College Success** - Developing toolkit of strategies to support students and families.
- **Differentiation** - Developing tiered summer school and credit recovery based on reassessment and rubrics, with the goal of setting a plan for getting students to a 3, then allowing for practice and reassessment that allows for a grade change within 180 days. The goal is that all students have at least a 3.0 GPA for college acceptance and acquiring scholarships. Moving away from completing online as full course make ups.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences between Budgeted Expenditures and Estimated Actual Expenditures in **Goal 2** are as follows:

- Expenditures were increased to support college success, through excursions. Contributions to the Assistant Principal salary from S & C funding was reduced.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Changes made to the Goal, Outcomes, Metrics, or Actions in **Goal 2** are as follows:

- **Measures** – The GPA Measure has been removed as it can have the unintended consequence of grade inflation.

Describe the overall implementation of the actions/services to achieve the articulated goal.

DCP Alum Rock has implemented the actions set forth for **Goal 3** in the 2018-19 school year for Goal 3, with highlights as follows:

At the Middle School:

- **Restorative Practices** - In Year Two of training and retraining by the SEEDS Community Resolution Center. A Liaison has been established with the police department, with a community leader supporting students with more challenging behaviors.
- **Socio-emotional Learning (SEL)** - A new Director of Student Services is overseeing SEL, working with the Assistant Principals to strengthen both SEL and Restorative Practices.
- **Summerbridge** - New 6th Graders will take part in college camp at Santa Clara University.
- **Celebrations** - An assembly is held every Thursday to celebrate students of the week, provide shout outs and recognitions, and engage in friendly advisory challenges ("minute to win it"). Grade levels hold family meetings once a month. All school events include a talent show, dance day celebrations, spirit week, and schoolwide dances.

This has included shared protocols and smooth procedures, from sign in and out procedures for bathroom use to the school safety plan.
- **Mental Health** - Four intervention groups are run on campus by the city gang prevention, with two girl groups and two guy groups meeting during advisory once a week. Two part-time Counselors provide individual and small group therapy.
- **Enrichment** - The Leadership Class facilitates weekly assemblies. A Gay Straight Alliance was formed. Incoming students participate in Summerbridge, a camp for one month before starting school that supports community building and understanding of what it is like to be in HS.
- **Restorative Practices** - These practices continue to be in place, resulting in a low suspension rate.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

DCP Alum Rock has realized considerable success in **Goal 3**. To maintain and continue to accelerate this growth, next steps for 2018-19 are as follows:

At the Middle School:

- **Restorative Practices** - Continue to build consistency, with a focus on pre-suspension actions that address behaviors and repair relationships. Additional staffing is needed to support this work.
- **Socio-emotional Learning (SEL)** - The Director of Student Services will work closer with the curricular team to bring SEL practices into curriculum.
- **Facilities** - Construction is almost done, with a full gym, cafeteria, and two state of the art STEM labs. This allows for full PE programming that supports health and wellness, as well as space for assemblies and bigger celebrations.

At the High School:

- **School Culture** - Continuation of initiatives (30 currently), to strengthen rather than add new.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences between Budgeted Expenditures and Estimated Actual Expenditures in **Goal 3** are as follows:

- Staffing expenses to support a welcoming and safe campus were redistributed across core staff, with a slight increase.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Changes made to the Goal, Outcomes, Metrics, or Actions in **Goal 3** are as follows:

- A new student survey was implemented, resulting in a new baseline for student satisfaction with school climate.

DCP Alum Rock has implemented the actions set forth for **Goal 4** in the 2017-18 school year for Goal 4, with highlights as follows:

At the Middle School:

- **Family Engagement** - Family Engagement Coordinator at central office level worked with Parent Leadership Group now on campus to organize and facilitate bimonthly meetings, host two schoolwide after school potlucks with 600 people in attendance, and engage in staff interviews for hiring. The Family Youth Truth survey was administered to gather data on family satisfaction.
- **Family Communication** - Powerschool allows family access to information on their students. The DCP website contains links by school to the Homework pages for families. A weekly newsletter is sent via text and phone message and posted on social media as well. Social media pages for the athletic programs have been added this year as well.
- **Student Engagement** - Every grade level completed at least one college field trip. Honors students visit five universities in southern California over the summer.

At the High School:

- **Family Engagement** - The Parent Liaison worked with families to help them navigate and understand data about their children and the school. A College Success night was held for all grade levels, to begin developing college readiness within families early. Engineering and Humanities Showcases were held, with students presenting their work to their families and community. Parent Academy was launched, a multi-week family learning initiative. The SSC thoroughly reviewed the CA School Dashboard and LCAP, identifying areas of focus (chronic absenteeism, integrated math).
- **College and Career** - College Seminar (Advisory) supported students in college readiness, including SAT prep and completion of FAFSA. College field trips continued.
- **Transportation** - Financial resources were allocated to provide bus passes for students, as well as a shuttle bus to take students between the middle school and high school campus.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

DCP Alum Rock has realized considerable success in **Goal 4**. To maintain and continue to accelerate this growth, next steps for 2018-19 are as follows:

At the Middle School:

- **Family Engagement** - Launch Parent Academies, to provide families with multi-week learning opportunities.
- **Student Engagement** - Implement shadow days with HS students to develop HS readiness. Move toward a schoolwide career day, with rotations that allow students to explore careers.

At the High School:

- **Family Engagement** - Hold Parent-Teacher conferences in the fall and spring. Continue with Showcases and other events, bringing them together when possible to increase attendance.

Stakeholder Engagement

LCAP Year: 2018-19

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

DCP Alum Rock actively engaged stakeholders in monitoring progress toward LCAP goals, including implementation of actions and analysis of data measures. This included the following:

- **Students** - The *Youth Truth* survey was administered in the Fall and Spring to gather input from students. *YouthTruth* was developed in 2008 by The Center for Effective Philanthropy, in collaboration with the Bill & Melinda Gates Foundation. It harnesses student perceptions to help educators accelerate improvements in their schools and classrooms. Through their validated survey instruments and tailored advisory services, *YouthTruth* partners with schools, districts, states, and educational organizations to enhance learning for all students. The *YouthTruth Feedback for Teachers Survey* has been included in DCP's evaluation system since the 2015-16 school year and lives within our *Student Voice* measure.
- **Families** - School Site Council (SSC) and English Learner Advisory Committee (ELAC) were held at each school site, to share data with families and provide opportunities for formal input. In addition, monthly Cafecitos were held at each school to support families in understanding core aspects of the program, develop college awareness and college readiness, and address areas of need within the community. Both the formal and informal family engagement efforts were targeted at building knowledge and being transparent with data, in turn building agency for families. In addition, a Family Survey was administered.
- **Staff** - Staff engaged with data on school outcomes during summer onboarding as well as weekly professional development sessions. Data was monitored and used to inform implementation of actions in pursuit of school goals. Staff provided input on both measures and actions to increase efficacy over the course of the school year and inform next steps for 2019-20.
- **Board and Community** - The Executive Summary of the 2018-19 LCAPs as well as the 2018-19 Annual Update and 2019-20 LCAP will be presented for discussion and approval by the Board on June 19th in Public Forum.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

In general, there continues to be strong alignment and agreement between families, students, and the staff around the mission-centered actions and program of DCP. Families and staff consistently express the desire for increased intervention services and a strong school culture, which the school is addressing through continued refinement of the workshop model to support differentiated instruction and through its restorative practices. Data Days and individual coaching will continue, providing time and support for teachers to make differentiated plans for instruction. Restorative practices that create a strong culture and counseling services that address students' socio-emotional well-being will continue. Funding in 2019-20 will continue to support efforts to increase academic achievement through differentiated instruction using the workshop model, supporting social and emotional well-being through the use of Restorative Practices and counseling, and supporting family learning and engagement through a variety of events. In general, the planned funding levels and actions are in high alignment with the priorities that parents, students, and staff have expressed.

State and/or Local Priorities addressed by this goal:

State Priorities: 4, 7, 8

Local Priorities: n/a

Identified Need:

DCP is committed to nurturing the culture and tradition necessary to build community and a common sense of purpose. All students are expected to support cultural norms and traditions, and to contribute to the growth and development of the community. Since the founding of the original DCP in 2000, the values of ganas (desire), comunidad (community), and orgullo (pride) have guided the work of staff and students. It is our traditions that have kept us true to our values. We know that in order for powerful learning outcomes to occur, they must be in the context of a safe, supportive culture. Parent and Student LCAP surveys reinforced the importance of school climate as a critical priority. While parents and students generally expressed satisfaction with the school culture, they also identified a positive climate as critical to the school's success.

Goal 3

Goal 3: School environment will be safe and welcoming for all students.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 5, 6

Local Priorities: n/a

Identified Need:

DCP is committed to nurturing the culture and tradition necessary to build community and a common sense of purpose. All students are expected to support cultural norms and traditions, and to contribute to the growth and development of the community. Since the founding of the original DCP in 2000, the values of ganas (desire), comunidad (community), and orgullo (pride) have guided the work of staff and students. It is our traditions that have kept us true to our values. We know that in order for powerful learning outcomes to occur, they must be in the context of a safe, supportive culture. Parent and Student LCAP surveys reinforced the importance of school climate as a critical priority. While parents and students generally expressed satisfaction with the school culture, they also identified a positive climate as critical to the school's success.

Provide ongoing outreach through College Success programs to students and families that are designated as one or more of the following categories: low income, foster youth, English learner, or redesignated fluent English proficient. This work primarily took place via the monthly Cafecitos program, with families also invited to monthly community meetings and the ELAC. In addition, conferences were held with every family to build the home-school connection and open houses and grade level events were held to bring families into the life of the school.

Goal 4

Goal 4: Parents and students will be engaged in a culture of college success.

State and/or Local Priorities addressed by this goal:

State Priorities: 3, 5

Local Priorities: n/a

Identified Need:

Parents/Guardians are the first and most important teachers of our students. We firmly believe that we can only accomplish our mission of college success by working closely with students and their families. In our work with parents and families, we hope to do the following:

- Work together with parents to create an excellent learning environment
- Collaborate with parents to develop school policies
- Provide parents with workshops on preparing their children for college
- Empower parents to be advocates for their children on the path to college

Students are the focus of all DCP programs. Our primary goal is to prepare students to succeed in college. This requires a high level of engagement from them in learning about themselves as learners, in charting their own educational pathway, and in supporting one another on the journey to college success.

In LCAP surveys and meetings, parents and students consistently identified programs to improve student readiness for college and career as a top priority. The programming that supports a college going culture is essential to achieve that goal

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The majority of the additional funding is provided for increased levels of College Success Programming, teacher professional development, extracurricular programming, and academic programs as compared to the 2016-17 school year. These programs, consistent with the DCP mission and philosophy as well as the stated priorities of parents and students, are specifically designed to support the success of low-income, English Learner, first generation college students. Because the unduplicated pupil population comprises the vast majority of our total enrollment (93.18% in 2018-19), the majority of the increased services are implemented school-wide

In addition, there are some targeted services such as supplementary materials, targeted family outreach, and specific staff professional development that are designed to meet the specific needs of unduplicated pupils.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year. When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP. In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fq/ac/sal/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with

the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a

single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures

must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this

determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
 - b. Mathematics – CCSS for Mathematics
 - c. English Language Development (ELD)
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and

E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in 5 *CCR* Section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (e) "Suspension rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?

- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR Section 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Downtown College Preparatory

CDS Code: 43 69666 4330585

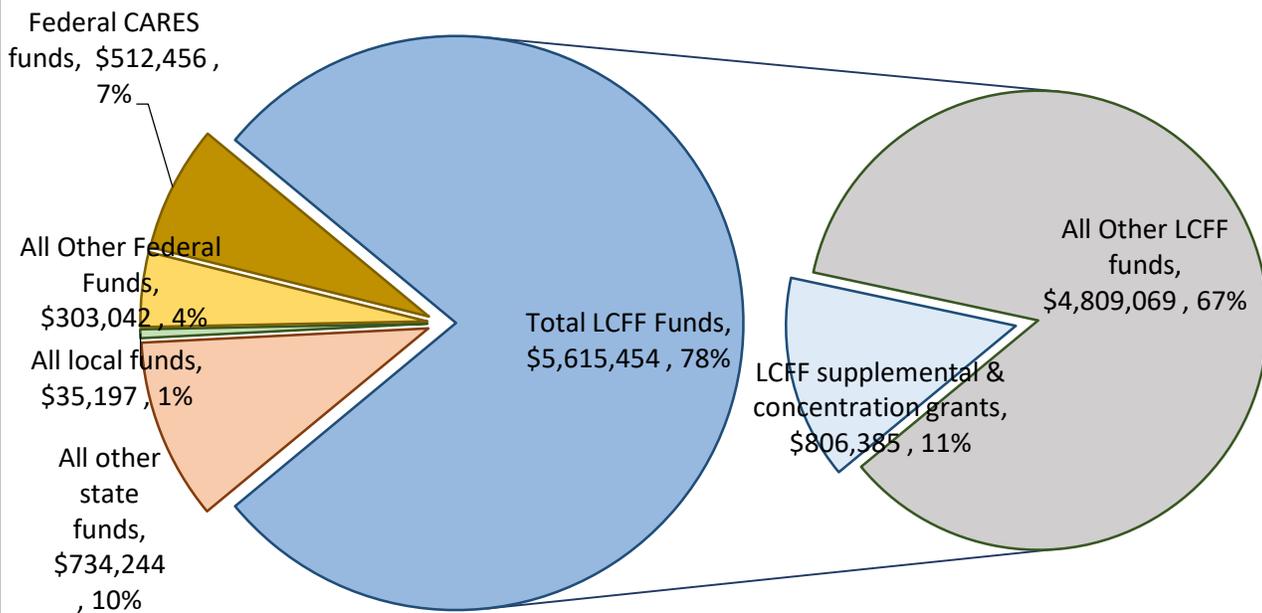

School Year: 2020-2021

LEA contact information: Mercedes Carbajal, 408-271-8120 x123, mcarbajal@dcp.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

LCFF Budget Overview for Parents

For the 2020-21 school year school districts must work with parents, educators, students, and the community to develop a Learning Continuity and Attendance Plan (Learning Continuity Plan). The Learning Continuity Plan replaces the Local Control and Accountability Plan (LCAP) for the 2020–21 school year and provides school districts with the opportunity to describe how they are planning to provide a high-quality education, social-emotional supports, and nutrition to their students during the COVID-19 pandemic.

This chart provides a quick summary of how much Downtown College Preparatory plans to spend for planned actions and services in the Learning Continuity Plan for 2020-2021 and how much of the total is tied to increasing or improving services for high needs students.

Downtown College Preparatory plans to spend \$7,199,601.00 for the 2020-2021 school year. Of that amount, \$593,585.00 is tied to actions/services in the Learning Continuity Plan and \$6,606,016.00 is not included in the Learning Continuity Plan. The budgeted expenditures that are not included in the Learning Continuity Plan will be used for the following:

Following directions from both the State and our County, DCP did not include general operating expenses in our Learning Continuity Plan and instead focused only on the expenditures that would be needed for implementing the educational program during the COVID pandemic. These general operating expenses include all salaries, benefits, instructional materials, standard technology and operating costs.

Increased or Improved Services for High Needs Students in the Learning Continuity Plan for the 2020-2021 School Year

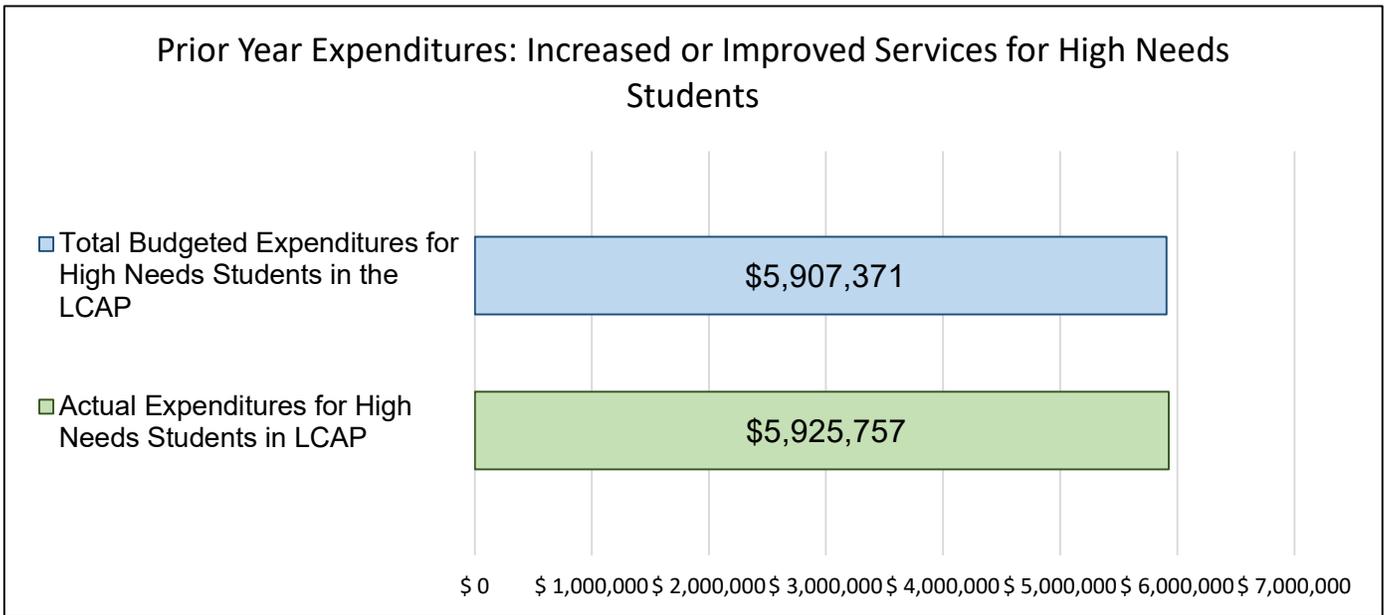

LCFF Budget Overview for Parents

In 2020-2021, Downtown College Preparatory is projecting it will receive \$806,385.00 based on the enrollment of foster youth, English learner, and low-income students. Downtown College Preparatory must describe how it intends to increase or improve services for high needs students in the Learning Continuity Plan. Downtown College Preparatory plans to spend \$193,048.00 towards meeting this requirement, as described in the Learning Continuity Plan. The additional improved services described in the plan include the following:

Per directions from SCCOE and the State, in completing our Learning Continuity Plan we included those items that were unique to implementing the educational program during COVID which included the funding provided from the Learning Loss Mitigation funds, not the total operating budget. By past practice, nearly 95% of all operating expenses are utilized for students deemed "high needs." Had we included the full operating costs, we would have met the threshold for expenditures for these students.
